It is possible that NASA Langley Research Center (LaRC) may go into a non-operational status (shutdown) due to a lack of appropriated funding as of 12:01 AM EDT on Saturday, April 9. If a shutdown happens it will impact the Past Performance and Proposal due dates for the TEAMS 2 procurement as follows:

Past Performance Volumes: If NASA LaRC reopens on or before April 13, 2011, then the requested due date for Past Performance Volumes will remain at April 15, 2011. If NASA LaRC does not reopen until after April 13, 2011, then a new requested due date for Past Performance Volumes will be established by solicitation amendment as soon as possible after the reopening of NASA LaRC.

Past Performance Questionnaires: Since many Past Performance Questionnaires will be coming from Federal Government customers, the April 15, 2011 requested due date for questionnaires is hereby suspended, and a new requested due date for Past Performance Questionnaires will be established by solicitation amendment as soon as possible after the reopening of NASA LaRC.

Proposals: If NASA LaRC reopens on or before April 25, 2011, then the due date for proposals will remain at May 2, 2011. If NASA LaRC does not reopen until after April 25, 2011, then a new requested due date for proposals will be established by solicitation amendment as soon as possible after the reopening of NASA LaRC.

In the event of a shutdown no NASA personnel will be available to answer phone calls, e-mails or other communications regarding the TEAMS 2 procurement until after NASA LaRC reopens, so it is expected that this will be the last communication of any kind regarding TEAMS 2 until the reopening.

However, if a shutdown does not occur, or if one occurs but ends before noon EDT on Monday, April 11, then all of the due dates for the TEAMS 2 RFP will remain unchanged.
